

## **2019 Gold Medal Recipient**

**N. Reed Dunnick, MD**  
**University of Michigan**

After completing a residency in Diagnostic Radiology at Stanford University, Dr. Dunnick moved to the NIH as a staff radiologist, where he developed an interest in genitourinary tract radiology. He spent 11 years on the faculty at Duke University before moving to Ann Arbor in 1992 to become the Fred Jenner Hodges Professor and Chair of the Department of Radiology at the University of Michigan. After 26 years, he stepped down as Chair and remains an active faculty focusing on professional development and imaging research.

Dr. Dunnick has written 331 scientific papers, 62 book chapters, and 11 books on various aspects of radiology, especially diagnostic oncology, uro-radiology, and more recently, administration and publication. He has served as Visiting Professor to 86 medical centers, as a guest faculty for 490 continuing medical education courses, and delivered 30 named lectures. He has served on the editorial boards of 13 peer review journals, and is currently the Editor-in-Chief of Academic Radiology.

Throughout his career, Dr. Dunnick has been an active participant in professional radiology organizations. He has served as President of two subspecialty societies, the Society of Uroradiology and the Society of Computed Body Tomography/Magnetic Resonance. He is a past President of the American Roentgen Ray Society, the Michigan Radiological Society, the American Board of Radiology, the Association of University Radiologists, the Radiology Research Alliance, the Society of Chairs of Academic Radiology Departments (SCARD) and the Radiological Society of North America (RSNA). He recently served as Chair of the Board of Trustees of the RSNA Research and Education Foundation.

His honors include Gold Medals from the American Roentgen Ray Society, the Society of Uroradiology, the Association of University Radiologists, the American College of Radiology, the Michigan Radiological Society and the Academy of Radiology and Biomedical Imaging Research. He is an honorary member of the American Society of Radiation Oncology, the Japan Radiological Society, the European Society of Radiology and the Chinese Society of Radiology.

A strong advocate for research, Dr. Dunnick is a Past President of the Academy for Radiology Research. He had the privilege of testifying before Congress on the need to establish a new institute, which was signed into law as the National Institute of Biomedical Imaging and Bioengineering by President Clinton on December 29, 2000.
